Abshier Construction is

owned and operated by Steve Abshier, a third-generation custom home builder specializing in:

- Custom Homes
- Room Additions
- Remodeling
- ADA Remodeling
- Garages
- Decks
- Repairs

Steve Abshier is a Certified Green Professional, a designation from the National Association of Home Builders.

HISTORY OF EXCELLENCE

Steve Abshier is part of a family legacy of builders. Steve's grandfather created the company in the 1960s when he started building custom homes on Beaver Lake near Rogers, AR. Steve's father eventually took over the business and Steve now carries on the family name that is associated with excellence and reliability.

We stick with a project from beginning to end, no exceptions.

Our family has served Northwest Arkansas for **50 years** *and is proud of our reputation for beautiful, high-quality work.*

OUR FAMILY TAKING CARE OF YOUR FAMILY

Our business is a family and we take care of your family with construction projects that range from creating a small deck or room addition to building a 6,000 sq ft custom house your family can call home.

Many of our subcontractors have been part of our extended professional family for years and know our expectations, including our dedicaton to quality and how we limit our customers' exposure to accidents . We protect our customers by carrying and requiring our subcontractors to carry workman's comp and general liability insurance.

"Eighteen years ago Steve and Bill built our custom, passive solar home in Northwest Arkansas. They were honest, on time, worked hard, and made building our home a pleasure. The outstanding quality of work continues to amaze us. They also caught a couple of mistakes that everyone else missed, which saved us time and money. We would hire Abshier Construction again without hesitation." ~ Bob & Cathy Ross

"I've known Steve 10 years. Steve has been a volunteer house captain organizing 500-700 volunteers in NWA to rehab 8-12 homes. Steve evaluated the job, assisted in securing donations and organized volunteers. He made it a great experience for everyone. Steve is certainly somebody that I would recommend extremely highly."
~ Jan Skopecek

"My in-laws home had water damage, replaced the sheet rock, replaced many cabinets and completely redesigned the roof. Steve is super nice, friendly, and honest. All his workers were extremely nice, and everything was done on time ~ it was beautiful. You can trust Steve and his family and I recommend him to everyone." ~Melissa Parks
